

I would urge you not to give priority over existing stations heard over FM translators by expanding the LPFM broadcast service. My family, friends & at our business listen to K-LOVE FM 107.1. I find K-LOVE 107.1 being a real asset to our community. It establishes a true moral & spiritual message that is much needed in our society. The loss of this message would have a negative effect on our community.

Yours Truly Doug Kaess
